

SPORT – 2013

# WAKE™ PRO 215

Speed-based Ski mode

Removable wakeboard rack<sup>1</sup>

3-position retractable ski pylon

Watertight storage

High-performance VTS™ (Variable Trim System) control

Wide-angle, adjustable mirrors

Pull ahead of all the rest with this premier watercraft boasting our largest engine designed for tow sports. Packaged with a speed-based Ski mode with presets for different acceleration modes, it is your best option for on-water sports this summer.

## SPECIFICATIONS

### DIMENSIONS

Length ..... 139.2" / 353.5 cm  
 Width ..... 48.2" / 122.4 cm  
 Height ..... 45.9" / 116.6 cm  
 Weight (dry) ..... 834 lb. / 379 kg  
 Rider capacity ..... 3  
 Fuel capacity ..... 15.9 gal / 60 l  
 Storage capacity ..... 13.7 gal / 52 l

### ENGINE

Type ..... 1503 SC Rotax® 4-TEC® engine  
 Intake system ..... Supercharged with intercooler,  
 60 mm throttle body  
 Bore x stroke ..... 100 mm x 63.4 mm  
 Displacement ..... 1,494 cc  
 Compression ratio ..... 8.4:1  
 Cooling ..... Closed-Loop Cooling System (CLCS)  
 Fuel type ..... 87 octane – minimum  
 91 octane – recommended

### DRIVE UNIT

Propulsion system ..... Sea-Doo® Direct Drive  
 Jet pump ..... Aluminum, axial flow, single stage,  
 large hub with 10-vane stator  
 Transmission ..... Electronic iBR®  
 Impeller ..... Stainless steel

### ELECTRICAL

Ignition ..... Digital induction  
 Starter ..... Electric  
 Battery ..... 12 V

### HULL AND DECK

Type ..... S<sup>3</sup> Hull®  
 Color ..... WAKE Red

<sup>1</sup>Wakeboard not included.

## ENGINE

1,494 cc four-stroke, Rotax with four valves per cylinder	Supercharged, intercooled 1503 SC Rotax 4-TEC engine provides reliable ultra-high performance in fresh or salt water, increased torque at low RPM, optimized power at all RPM levels and throttle positions.
Multi-port fuel injection	Better control of exhaust emission and power at all RPM ranges to reduce emissions and reduce fuel consumption.
iTC™ (Intelligent Throttle Control)	Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features an activity-specific cruise control, Touring / Sport mode and ECO™ mode that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
iControl® Learning Key®	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level.
D-Sea-Bel™ system	Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
Closed-Loop Cooling System	Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.
Water/air separator	Provides maximum airflow to engine and reduces water intrusion.
Watertight digital ignition	Provides optimal energy for a consistent spark, ensuring maximum performance.
RPM limiter	Protects engine from over-revving.
Warning device	Warns operator of engine and exhaust overheating, engine management and system failure.
Handlebar-mounted start/stop button	Engine starts and stops with single, user-friendly control button.
Tip Over Protection System (T.O.P.S.™)	Protects engine in case of turn over.

## FEATURES

iControl	The "Brain" that integrates and controls all systems to create the best possible ride.
S <sup>3</sup> Hull	Stepped, stable & strong. The stepped design reduces drag and keeps you glued to the water. And it's 20% lighter than competitive hulls. <sup>2</sup>
Touring / Sport mode	Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.
ECO mode	The iTC function that automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.
Footwell carpets	Offer extra comfort, non-skid surface and great looks.
3-up seat	Comfortable room for three – permits rear-facing spotter for watersports.
Hinged seat	Easy-open seat with convenient stay-open support struts. Provides easy access to the engine compartment while remaining attached to the watercraft.
Fold-down reboarding step	Makes reboarding from the water easier and quicker.
Watertight, removable storage bin	Provides dry storage for luggage and necessities with easy access.
Tilt steering	4 adjustable steering angles for maximum ease and comfort.
Multifunction Digital Information Center	Reports 27 key operating functions: Fuel level, Tachometer, Speedometer, Hour meter, Compass, Clock, Cruise control, Ski mode, Slow mode, Fuel consumption meter, Touring / Sport mode, ECO mode, VTS preset, F-N-R indicator, Low fuel level, Low oil level / pressure, Low / high voltage, Overheat, Check engine, Key (wrong key), Learning Key, Maintenance info, Error codes.

## FEATURES CONT'D

Digitally Encoded Security System (D.E.S.S.™)	Industry's first digitally encoded theft-deterrent system.
Off-Throttle Assisted Steering (O.T.A.S.™)	Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.
Quick latch fuel filler design	Dual drain plugs
Sponsons	External exhaust cooling flush attachment
Bumpers	Emergency floating lanyard
Swim platform carpet w/ Sea-Doo logo	Seat strap
Reboarding handles on rear platform	Wide-angle, adjustable mirrors
Rear grab handle	Operator's guide, instructional video and booklet

## PROPULSION SYSTEM

Sea-Doo Direct Drive propulsion system	Delivers optimum performance with the Rotax engine.
iBR (Intelligent Brake & Reverse) system	The world's only on-water braking system, iBR lets you stop up to 100 feet sooner than any other watercraft. All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.
Aluminum stator vanes	Handles the high-performance engine without erosion.
Dual automatic vacuum siphon pumps	Continuously removes water entering the engine compartment.
Large diameter drive shaft with crowned spline design	Maintains engine and pump alignment at all operating speeds.
Replaceable UHMW <sup>4</sup> wear ring	Provides long impeller life, less maintenance and maximum thrust.
Stainless steel impeller	Delivers improved acceleration, higher top speed and less cavitation.

## WAKE PACKAGE

Speed-based Ski mode	This advanced iControl feature allows the driver to adjust the intensity of the launch for different rider skill levels and tow sports while maintaining a constant speed. You get 5 acceleration profiles for the best possible tow sports experience.
3-position retractable ski pylon	Retractable, so it's there when you're pulling someone and out of the way when you're not. Also features spotter hand grips and rope storage
Removable wakeboard rack	Provides easy transport of a wakeboard to the ride site.
High-performance electric VTS (Variable Trim System)	Provides pre-set positions for quick settings when adjusting boat trim, maximizes acceleration and high-speed stability.
WAKE Graphics	Exclusive to the WAKE models.

## OPTIONS

Depth finder	Additional wakeboard rack
Time/distance to empty	Sandbag anchor
Top/average speed/RPM	Speed Tie™
Lap timer	Fire extinguisher
Engine temperature	Sea-Doo Move trailer
Removable dry bag for front storage	iCatch™ bow cup
Glove box organizer	Storage cover
Safety kit	

## WARRANTY

BRP limited warranty covers the watercraft for one year.
